squadron which was at finiada, off the east coast of Turkey, was withdrawn to Sebastopol, where it is awaiting further orders. Italy has one war ship, Austria has one and France has one in Turkish waters, but in each case large squadrons are held in reserve for action if the situation becomes acute.

The increasing gravity of the conditions in Turkey is further shown by an official report just received from Philippopolis, giving details of the revolutionary plot to blow up the Oriental Express. One of the plotters had been designated to sacrifice his life by boarding the train and throwing the bombs. This plot probably was connected with the dynamiting of the omnibus train at Kulell Burgas; but the Philippopolis report establishes the fact
